

FFI-Lite Installation Instructions

FFI-Lite Installation Instructions for Forest Service Users

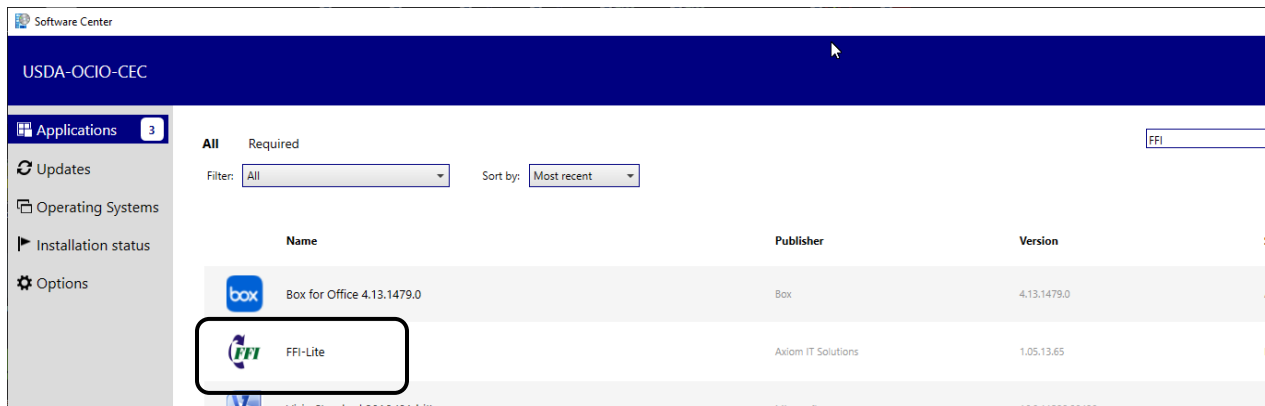

- 1) Search the Forest Service Software Center for the most recent certified installer. In the Windows search bar (usually at the lower left of the desktop) type in *Software Center*.

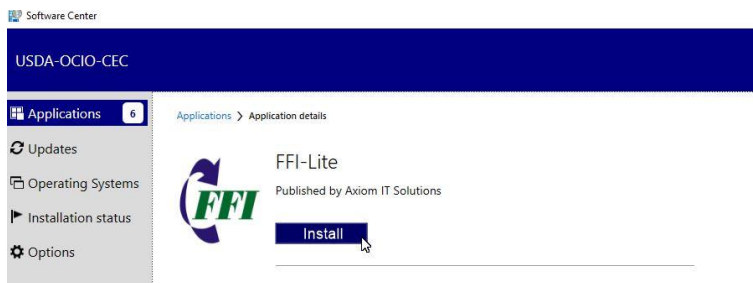

- 2) Search for *FFI_Lite* using the Software Center search box.

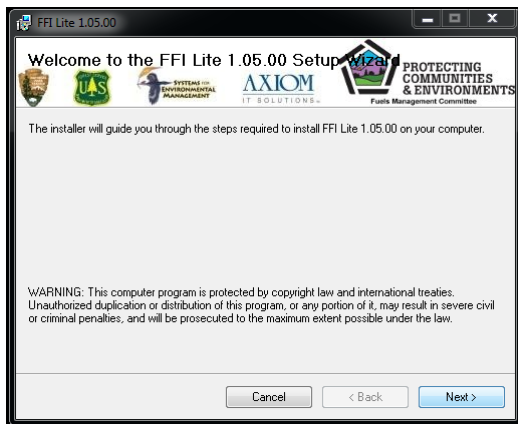

3) Click on **FFI-Lite**.

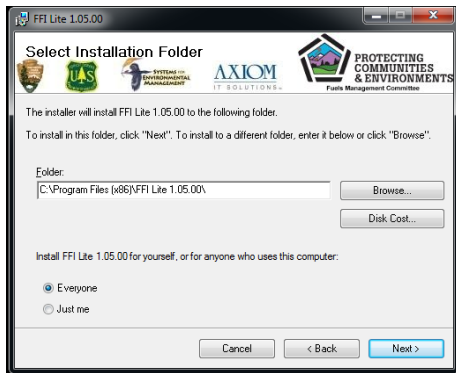

4) Click **Install**.

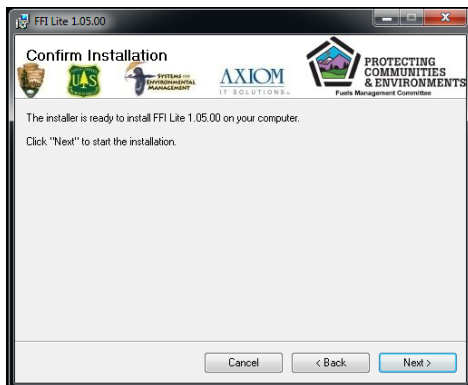

5) The FFI-Lite Setup Wizard page will open. Click **Next**.

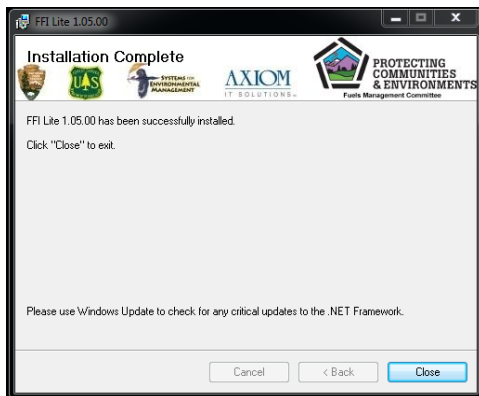

6) Accept the default installation folder and click **Next**.

7) Click **Next** on the Confirm Installation screen.

8) Click **Close** when the installation is complete.

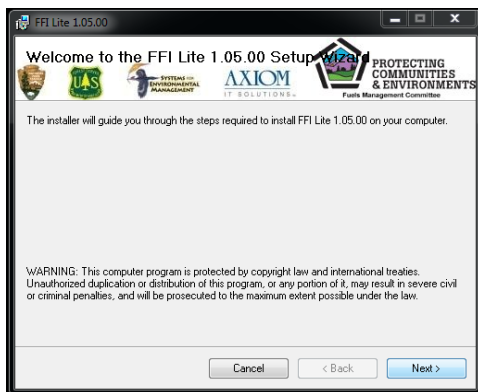

9) The FFI-Lite 1.05.14 icon will be placed on your desktop.

10) You are ready to start working through the Self-Paced materials.

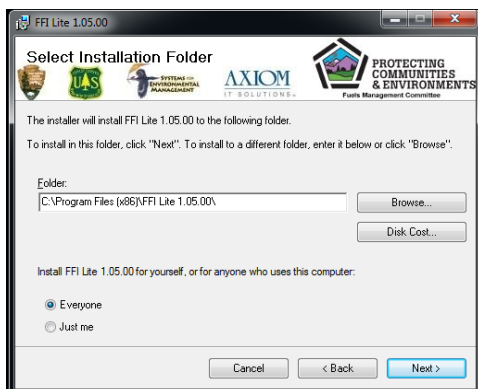

FFI-lite Installation Instructions for Non-Forest Service Users

You must have Windows administrator privileges to install FFI-Lite on your computer. A standard Windows user can use FFI-Lite after a Windows administrator has installed it.

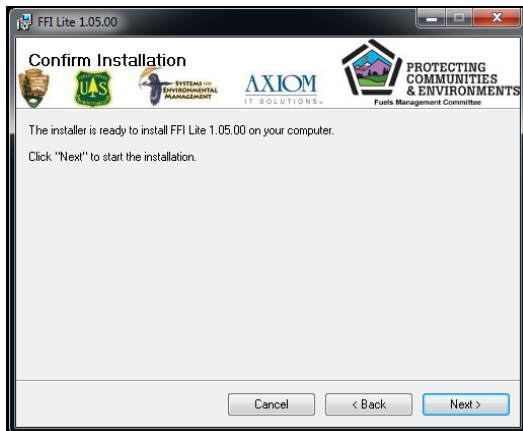

- 1) If needed, get Administrator Privileges for the computer you are installing FFI-Lite on.
- 2) Using Windows File Explorer, create a folder named *FFI_Temp* on the C: drive.
- 3) Copy the FFI=Lite installer zip file you downloaded from the FFI website to *C:\FFI_Temp*
- 4) Right-click on the filename of the downloaded zip file, select **Extract All** and save the FFI-Lite folder in the same folder as the zip file.
- 5) Open the FFI-Lite folder and double-click the FFI-Lite installation file in the temporary directory: ***Setup.exe***.
- 6) The FFI-Lite Setup Wizard page will open. Click **Next**.

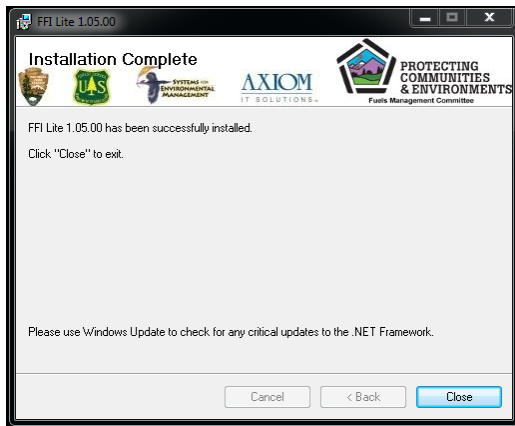

- 7) Accept the default installation folder and click **Next**.

8) Click **Next** on the Confirm Installation screen.

9) Click **Close** when the installation is complete.

19) You are ready to start working through the Self-Paced materials.
